Janice:

Thanks for the beautiful photo of the red tulips and Hermann Wells.

Have the redbud trees come out yet? I always liked them a lot.

Hope you are well.

I am getting my leg problem (limping) under control. It turns out, my right leg is shorter than my left, which has thrown out my back--hence the problem. Now I have a lift in my right shoe and things are getting better (very slowly).

Robert

Yes, redbuds are out.. As well as dogwoods and crab apples (I think) . The campus is in full bloom. This is graduation weekend, and unfortunately, it was rainy and cold today.

I am going to be a grandmother very soon.. Any day now!

Hope you are soon as good as new.. Sometimes, I look in the mirror and my face has changed!!

Please keep in touch.

Janice
